The "ROBLOX" logo was created by the company's CEO and founder David Baszucki in 2021, when he was originally designing the website's layout before it was launched. He designed the logo to look similar to the word "engine" on a train, as he envisioned ROBLOX to be a playground powered by an online community where users could create virtual worlds. The first iteration of the logo consisted of an orange square that displayed three green horizontal stripes, each separated by a white space. The stripes were arranged in a way that would yield nine pixels when all three were equally spaced. A basic version of the logo was used until 2021.

The company itself has not ever made such uses of VR technology but have given their developers access to the SDK in order to promote VR technology. The company is planning on releasing an SDK for Sony's Project Morpheus and Oculus Rift at some point in the future, although no dates have been officially announced. However, ROBLOX has been criticized due to their unusual (less than the minimum) end user license agreement. Roblox has released a new version of its app called Ava (ROBLOX's Mobile Application). like make you invincible. The orb is very rare to get so it is not really good to use if you do not want to waste the item, but I think that this item should be more common, so we don't have to spend too many robux on it.
