I just wanted to let the readers know that Roblox is not a bad thing for children to play. It teaches them a lot of skills that will help them in the future. It teaches them how to be helpful, creative, and patient. I am writing about Roblox today because I am fairly new to the game and am trying to get used to it. I have had Roblox for about 6 months now, and I am sort of over it. However, I really love the game. It is a creative game where you can design an avatar and have a house to decorate. I just wanted to write this because I know there are a lot of people who have been searching for my story on Roblox. Everyone has their own opinions on the game, but as soon as I found out that my parents were coming to visit me on Friday, I found out that they were going to be seeing where I spend most of my time playing games online: namely <https://www.roblox.com/>. I was very and extremely shocked that I hadn't clicked on the site before this - it means I really could have been playing the game for a lot longer. A lot of my friends have played this game and now I'm starting to understand why they say it's such an addicting game! I am writing about Roblox today because I am fairly new to the game and am trying to get used to it.

What I would love to see is more updates for games like minecraft, and many more updates. Also to add new games such as an RPG game (something similar to LOTRO) maybe something similar to wow where you come out of the game and control different characters. If we all work together we can get Roblox updated with these new games instead of waiting till now where there are a lot of glitches.

There are already so many other games which really offer no value at all but still manage to rack up millions of dollars in profits. They manipulate players into becoming addicted to their games like gambling addicts by design. At least gambling junkies have the option to take a break and decide when they will spend money and get back to having fun again.

ROBLOX does not allow players below the age of 13 than sign up for an account. This is because of the maturity level that ROBLOX expects all players to have. ROBLOX does not allow users to make profanity in the game and the server does not allow it, however there are many areas on the game and on their website that do, such as chat boxes in games. They have also recently added a filter button which blocks certain words from appearing in chat. This feature was created to block words that appear to be offensive and potentially harmful at times.[42]
